

CHRIS MOHR

Skilled and motivated professional with 5+ years of experience in the Canadian Forces. Proven ability to excel in a variety of technical roles, including Intelligence Operator, Supply Technician, and Help Desk Analyst. Expertise in Linux environment, development technologies, web technologies, and a variety of tools and software. Strong leadership, teamwork, and communication skills.

WORK EXPERIENCE:

Canadian Forces (Jul 14 – Feb 18) - Cold Lake, AB

Intelligence Operator

- Conducted in-depth analysis of intelligence data from diverse sources during deployment on operations.
- Assumed a leadership role by supervising and training higher-ranked team members, demonstrating exceptional leadership and teamwork skills.
- Innovatively designed and developed new Excel-based tools and products, streamlining workflows, and significantly enhancing job efficiency.
- Delivered numerous informative and engaging presentations to diverse audiences, translating complex data into accessible insights and recommendations.

Canadian Forces (Jan 09 - Jul 14) - Cold Lake, AB

Supply Technician

- Expertise in inventory management of a vast warehouse, ensuring accurate stock levels and timely reordering.
- Proficient in the daily procurement and management of aircraft parts, contributing to smooth logistics operations.
- Trained and mentored new supply technicians in the efficient utilization of SAP inventory software, enhancing the team's proficiency.
- Authored and maintained standing orders outlining best practices for SAP inventory software usage, fostering a standardized and organized approach.

National Money Mart (Mar 06 - Jan 09) - Victoria, BC

Help Desk Analyst Level 1

- Delivered clear and concise over-the-phone technical support, resolving issues efficiently and improving customer satisfaction.
- Effectively communicated complex computer support solutions verbally, ensuring a smooth and positive customer experience.
- Successfully promoted additional services, such as prepaid MasterCard, contributing to revenue growth and customer engagement.
- Demonstrated strong self-motivation and reliability, consistently excelling during unsupervised graveyard shifts, maintaining smooth operations, and providing exceptional service.
